

# Notice to Researchers regarding Real Property Records

The Burnet County Clerk is undertaking a project to better serve you, our customers, by automating tasks in the clerk's office. Coming soon are the following endeavors:

- Loading the following record series into the Land Recording platform for electronic access:
  - Deed of Trust Volumes 1 – 180
  - Oil & Gas Volumes 1 - 12

One of the pain points of this progress is the absence of the Land Volume records indicated above while they are being processed for use. If you need information from the volumes above please contact the Clerk's office and we will request a file pull from our vendor.

Thank you for your patience while we improve our services to you,

Sincerely,

Hon. Janet Parker  
Burnet County  
County Clerk  
512-756-5406
