### **SBA Offers Disaster Assistance to Texas Businesses and Residents Affected by the Severe Storms and Floods**

**SACRAMENTO, Calif.** – Low-interest federal disaster loans are available to Texas businesses and residents affected by the severe storms and floods that occurred Sept. 10 – Nov. 2, 2018, announced Administrator Linda McMahon of the U.S. Small Business Administration. SBA acted under its own authority to declare a disaster following the denial of the state’s request for a major disaster declaration for individual assistance on Feb. 27, 2019.

The disaster declaration makes SBA assistance available in Bastrop, Bell, Blanco, Burnet, Caldwell, Gillespie, Grimes, Hays, Houston, Lampasas, Llano, Madison, Mason, Montgomery, San Jacinto, San Saba, Travis, Trinity, Walker and Williamson counties.

“SBA is strongly committed to providing Texas with the most effective and customer-focused response possible, and we will be there to provide access to federal disaster loans to help finance recovery for businesses and residents affected by the disaster,” said McMahon. “Getting our businesses and communities up and running after a disaster is our highest priority at SBA.”

“Low-interest federal disaster loans are available to businesses of all sizes, most private nonprofit organizations, homeowners and renters whose property was damaged or destroyed by this disaster,” said SBA’s Director Tanya N. Garfield of the U.S. Small Business Administration’s Disaster Field Operations Center-West. “Beginning Tuesday, March 12, 2019, SBA representatives will be on hand at the following Disaster Loan Outreach Centers to answer questions about SBA’s disaster loan program, explain the application process and help each individual complete their application,” Garfield continued. The centers will be open on the days and times indicated below until further notice. No appointment is necessary.

Businesses of all sizes and private nonprofit organizations may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory and other business assets. SBA can also lend additional funds to businesses and homeowners to help with the cost of improvements to protect, prevent or minimize the same type of disaster damage from occurring in the future.

For small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations of any size, SBA offers Economic Injury Disaster Loans to help meet working capital needs caused by the disaster. Economic injury assistance is available regardless of whether the business suffered any property damage.

Disaster loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible for up to \$40,000 to repair or replace damaged or destroyed personal property.

Interest rates can be as low as 3.675 percent for businesses, 2.5 percent for private nonprofit organizations and 2 percent for homeowners and renters with terms up to 30 years. Loan amounts and terms are set by SBA and are based on each applicant's financial condition.

Applicants may apply online, receive additional disaster assistance information and download applications at <https://disasterloan.sba.gov/ela>.
